Introducing cable markets where you never had them before.

Tune in to exciting growth markets nd untapped profits when you discover the newest segment of the cable ndustry—satellite-delivered full stereo nd enhanced quality cable TV audio.

The Wegener Series 1600 Expandable Satellite Audio System makes it all possible—satellite audio, synthesized TV stereo, and local origination FM. For a lot less than you think.

Its modular design gives you the flexibility of adding individual satellite audio services economically. So as the market for cable audio continues to grow, you'll be able to grow right along with it.

Call or write for complete information on how you can start or expand your audio services. Give your subscribers a new dimension in cable entertainment. The stereo sound of the future is happening now—only on cable.
